Task Force On Climate-Related Financial Disclosures (TCFD)

Provides a clear and helpful framework to guide our approach to identifying, integrating and managing climate change impacts.

On Climate Change: Climate change is one of the most pressing issues globally. It is expected to exact a heavy toll on Southeast Asia, given the region's dependence on commercial agriculture and long coastlines. To combat climate change, we are committed to becoming a carbon neutral platform by 2040. We discuss this in our section on Greenhouse Gas Emissions.

Protecting Our Environment

Upholding Responsible Business Practices

Creating Positive Social Impact

Socioeconomic Impact

We want to create a positive impact on our partners, our customers and our local community. Through our platform, we have the unique opportunity to empower people across three areas – economic, social, and financial.

Partners' Welfare

We seek to help our partners thrive in an ever-changing society, preparing them and their families for the challenges of tomorrow.

People and Culture

We strive to create an inclusive and equitable workplace and empower our employees so they can continue to serve the community in the best way possible.

Our Sustainability Framework

Grab is a triple bottom line company, believing that a company can both run profitably and create positive social impact while protecting the environment. This is fundamental to our success and embedded into our business model and strategy.

END POVERTY IN ALL ITS FORMS EVERYWHERE

SDG TARGET

By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance.

GRAB'S EFFORTS AND PROGRAMMES

Core to our businesses is providing empowerment for everyday microentrepreneurs in three areas - economic, social and financial. Over 9 million partners have engaged with the Grab ecosystem, and we continue to find new ways to increase their earning opportunities. Through the Grab Financial Group, we are widening access for financial services for all in Southeast Asia, especially the unbanked, underbanked, and underserved.
